Software Engineer

Full Stack | Cloud | DevOps | 3D Graphics

Software Engineer with 5+ years of experience designing and delivering cloud-native platforms and DevOps automation systems. Core contributor to a production SaaS platform (SkyU), building scalable microservices and CI/CD-driven infrastructure using AWS, Node.js, Go, and React. Experienced in system design, API architecture, and improving engineering efficiency through automation and cloud-native practices.

07.2024 – Present	Software Engineer - Consultant	Insighture (Melbourne, AU)
06.2023 – 07.2024	Software Engineer	Insighture (Colombo, SL)
07.2021 – 07.2022	Trainee Software Engineer	99x (Colombo, SL)

Key achievements

- ★ Core contributor to [SkyU](#), a production DevOps automation platform, building scalable microservices and cloud-native infrastructure used to streamline CI/CD workflows for multiple clients.
- ★ Designed and implemented API-driven microservices using event-driven and serverless patterns, improving system scalability and deployment efficiency.
- ★ Built and optimised CI/CD pipelines using Docker and GitHub Actions, reducing manual deployment effort and improving release reliability.
- ★ Awarded Most Outstanding Intern ([99x](#)) for exceptional technical contribution across full-stack and cloud engineering initiatives.
- ★ Published author ([Documon](#), ICSCCM 2023, SPIE), demonstrating strong research, system design, and technical communication skills.

Technical Skills

- ★ **Languages:** JavaScript (TypeScript), Go, C#, Java, Python
 - ★ **Frameworks:** React, Next.js, Node.js, NestJS, .NET
 - ★ **Cloud & DevOps:** AWS, Azure, GCP, Docker, Kubernetes, GitHub Actions
- ★ **Databases:** PostgreSQL, MySQL, MongoDB, DynamoDB
 - ★ **Tools & Others:** Git, GitHub, GitLab, Figma, Blender

Professional Experience

Software Engineer (Consultant) Insighture (Cloud, AI, and DevOps, accelerating growth)	07.2024 - Present Melbourne (AU) Part Time
--	---

- ★ Contributed to the ongoing development and optimisation of [SkyU](#), enhancing DevOps automation workflows and supporting client migrations to the platform.
- ★ Integrated AI-driven document processing capabilities using AWS Bedrock, improving automation of document analysis within the [Realtime Conveyancer](#) product.

Software Engineer

[Insighture](#) (Cloud, AI, and DevOps, accelerating growth)

06.2023 – 07.2024

Colombo (SL) | Permanent

Head hunted after graduation as part of a team put together to create and take a product (SkyU) to market (Target audience being in Melbourne Australia) within a fixed time.

- ★ Core developer on SkyU, a DevOps automation platform, building production-grade microservices using Node.js, NestJS, Go, and AWS.
- ★ Designed and implemented API-driven microservices using cloud-native patterns, improving system scalability, modularity, and deployment efficiency.
- ★ Developed full-stack features using React and TypeScript, integrating frontend systems with backend services and CI/CD pipelines.
- ★ Collaborated with DevOps teams to align application architecture with containerisation, automation, and cloud infrastructure best practices.
- ★ Contributed to taking a product from concept to market within a fixed timeline, supporting its adoption for clients in Australia.

Trainee Software Engineer

[99x](#) (Product Engineering)

07.2021 – 07.2022

Colombo (SL) | Internship

- ★ Awarded Most Outstanding Intern (2021) for exceptional technical contribution and ownership.
- ★ Contributed to full-stack development of internal systems using React, Node.js, Java, and AWS.
- ★ Built and integrated features using serverless architectures, improving scalability and maintainability.
- ★ Developed interactive 3D web components using Three.js for internal applications.

Education & Training

- ★ **Master of IT (MSc)** – RMIT University, Melbourne (2024 - 2026).
 - Specializing in Cloud Computing and Big Data processing.
 - Student Peer Mentor and Study Buddy for Nero Divergent Students
- ★ **BSc. (Hons) in Software Engineering** – University of Lancashire, United Kingdom (2019 - 2023)
 - BSc. First Class (Hons) in Software Engineering (85.4 APM)
 - Valedictorian and the Gold Medallist (class of 2023)
 - Batch Top (2019, 2020, 2021 & 2023)

Additional

- ★ IELTS: 8.0
- ★ Competitive / Long distance Swimmer (19+ years), ILS certified life guard.
- ★ Street Dancer.
- ★ Calisthenics Artist.
- ★ Pianist.
